

Renew Valve & Machine Co.

Renew Valve & Machine Co. is proud to offer these fine products for our customers in Lower Michigan. These problem solving, engineered products represent the finest our industry has to offer.

Re-certified Motor Actuators

rotork

Limitorque®

Electric Actuators – New, Recertified, Obsolete Parts and valve retrofitting. Full in-field startup services.

Ball Valves

SST

Severe Service Technology
Metal Seated, High Pressure, High Temp
Steam Service - To 4500 PSI, .5" to 2.5"

Jarecki Special Service
Ball Valves Metal Seated, High Pressure,
High Temp. Corrosive Apps - .5" to 3"

Control Valve Repair

FISHER

Masoneilan®

Valtek
FLOWSERVE

Line Valve Repair

Gate, Globe, Check, Ball, Turbine Trip, Control - all makes all models. Renew Valve has been repairing valves in Michigan, Ohio and Indiana for over 40 years.

Custom Stem Threading

Our two OEM Landis Acme threading machines deliver OEM quality for a fraction of the cost – with over 90 die sets in stock.

Gate Valves

Rovalve

Wedge Gate, Knife gate, Slide Gate,
2" - 144", ANSI 150

INTERVALVE
HIGH PRESSURE VALVES

A range of pressure seal gate & globe style valves particularly suited for high temperature services in the power industry.
Available 2" - 24" - 2500# PSI

raimondi 2" - 72", ANSI 150 - 4500

fasani 2" - 72", ANSI 150 - 2500

Pressure Relief Valves

DRESSER
Consolidated

The Industry leader in Pressure Relief Valves. All ASME Sec VIII & Sec I applications. Renew is an authorized Green Tag Service Center.

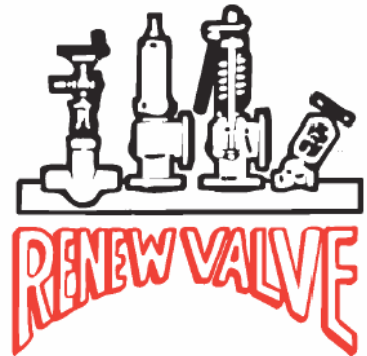

Valve Parts Fabrication

Our full service machine shop and technical staff can reverse engineer many obsolete valve parts.

Globe Valves

raimondi 2" - 72", ANSI 150 - 4500

fasani 2" - 24", ANSI 150 - 4500

Specialty Products

GIMPEL

Throttle Valves, Strainers, Naval Applications

YERWEY

Steam Traps, Control Valves, Desuperheaters, Instrumentation, Corrosive Service

DEWRANCE

Parallel Slide Valves, Feed Water Heater Isolation, Leak off Equipment, Tandem Vent and Drain Valves, Pressure Seal Closures

HANGCOCK

Blowdown, Instrument, Globe, Check, Flow Control and Y-Pattern Valves

Sempell

Globe, Check, Safety (thermal, weight loaded), High Pressure Gate, Feed Water Bypass Valves
